

A Culture of Caring for you

You've spent a lifetime making your own decisions and supporting your family's best interests. The in-home care you or your family require should be no different.

Our programs provide a variety of in-home care options to fit your needs.

Self-Directed Personal Care Services (Intermediary Service Organization) are a co-employment option where members control who provides care and services.

- As the Managing Employer you recruit, hire, train, and schedule your caregivers.
- CDNV is the Employer of Record and manages all administrative and payroll-related tasks.

Traditional Agency Based Services are an option for you if you want CDNV to find and schedule caregivers for you.

- We work with you to create a care plan and schedule.
- We hire, train, schedule, and supervise your caregivers while taking care of all employment and payroll-related tasks.

We are here to help you live the life you choose.
