

In-Home Care on Your Terms

If Medicare or Medicaid does not cover the home care you need, you have other choices.

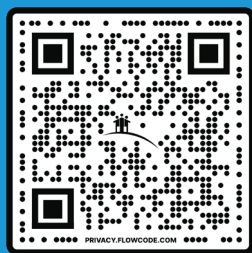

Private Pay services allow you or a family member to receive care by using existing assets or savings to pay for it. Consumer Direct Care Network Nevada (CDNV) offers a variety of private pay options. Our trained experts will work with you to find payment options that fit your financial needs.

CDNV provides self-directed, in-home care services so you can live the life you choose. With private pay, you can select the caregivers, schedules, and services that best suit your needs, without the restrictions of insurance or Medicaid.
